Update on latest Bypass status: Remains that the Outline Business Case addendum rests with the DFT, we are awaiting their decision. It is unlikely given the upcoming election that we will get an answer until the next government is in place.
A discussion took place between the Cllrs around the importance of getting a definitive answer whether that is a yes or a no, as the Bypass proposal seems to look more unlikely due to rising costs – a definitive No would mean CTC can seriously consider other options. SED24/016 ✓
